

Regeneration East Midlands

We promote the regeneration of rural and urban environments in the East Midlands by bringing together the region's professionals, developing skills, inspiring excellence and supporting design quality.

Our organisation consists of four strategic business units - Skills, Intelligence, Funding and Design. **Opun, the architecture centre for the East Midlands leads on Design within REM.**

Design Excellence Manager (Design) Circa 30k + benefits

An articulate and persuasive advocate for design excellence, you'll be keen to apply and develop your skills, experience and knowledge in the regeneration sector. Based in Nottingham, you'll be responsible for the planning and realisation of our Design Excellence programme. You will both lead the Regional Design Review Panel and ensure the delivery of a range of design and training initiatives across the region.

Together with practical experience of the sector you'll require a thorough understanding of a variety of issues, including the sustainable communities agenda, physical regeneration, landscape, architecture, urban planning and sustainability. An effective communicator, you'll create high-level regional and national partnerships, promote engagement across a diverse range of professions and inspire confidence at all levels.

For more information visit www.regenerationem.co.uk, e-mail info@regenerationem.co.uk or call 0870 240 4459 for an application pack.

Closing Date 4pm on Friday 7th of September.
