Participation Fund application form

regenerationsouthwest
network

creating:excellence
the south west centre for sustainable communities

The Participation Fund is intended to help people involved in sustainable communities in the South West, to participate in learning events organised by creating:excellence or Regeneration South West Network.

Whether you work for a voluntary/community group, social enterprise or a public body, we want to encourage you to build your skills and knowledge to help improve the quality of life and services in the region by participating in our events.

The fund can meet up to 80% of the costs for voluntary and community organisations or up to 40% of costs for people employed in the public sector. This may include all reasonable costs associated with attending an event, as well as conference and training course fees, which would otherwise be a constraint to your participation.

Awards under this scheme awards will not normally exceed £100 per person. Funds are limited and we reserve the right to prioritise applications.

The following eligibility criteria apply:

- Your organisation must be based in the South West and be a member of creating:excellence/Regeneration South West Network (see www.creatingexcellence.org.uk)
- Your organisation cannot meet the full costs of the event
- The event is organised by creating:excellence/Regeneration South West Network
- You will supply evidence of expenditure
- You should show how attending this event will support your work
- You should confirm that match funding is in place for the balance of the costs

Applications will be considered upon receipt and you will receive a decision within 2 working weeks. Written confirmation of successful applications will then be sent to you, after which you may confirm your booking for the relevant event.

Costs will normally be refunded on receipt of evidence of expenditure although individual circumstances can be taken into account.
