

Getting here

East Reach House is at the far end (non-town end) of East Reach. It is the former Taunton Hospital and is still known by many as such. Our entrance is at ground level on the left of the building, not the LSC entrance which is up the external stairs in the centre of the building.

From the Station

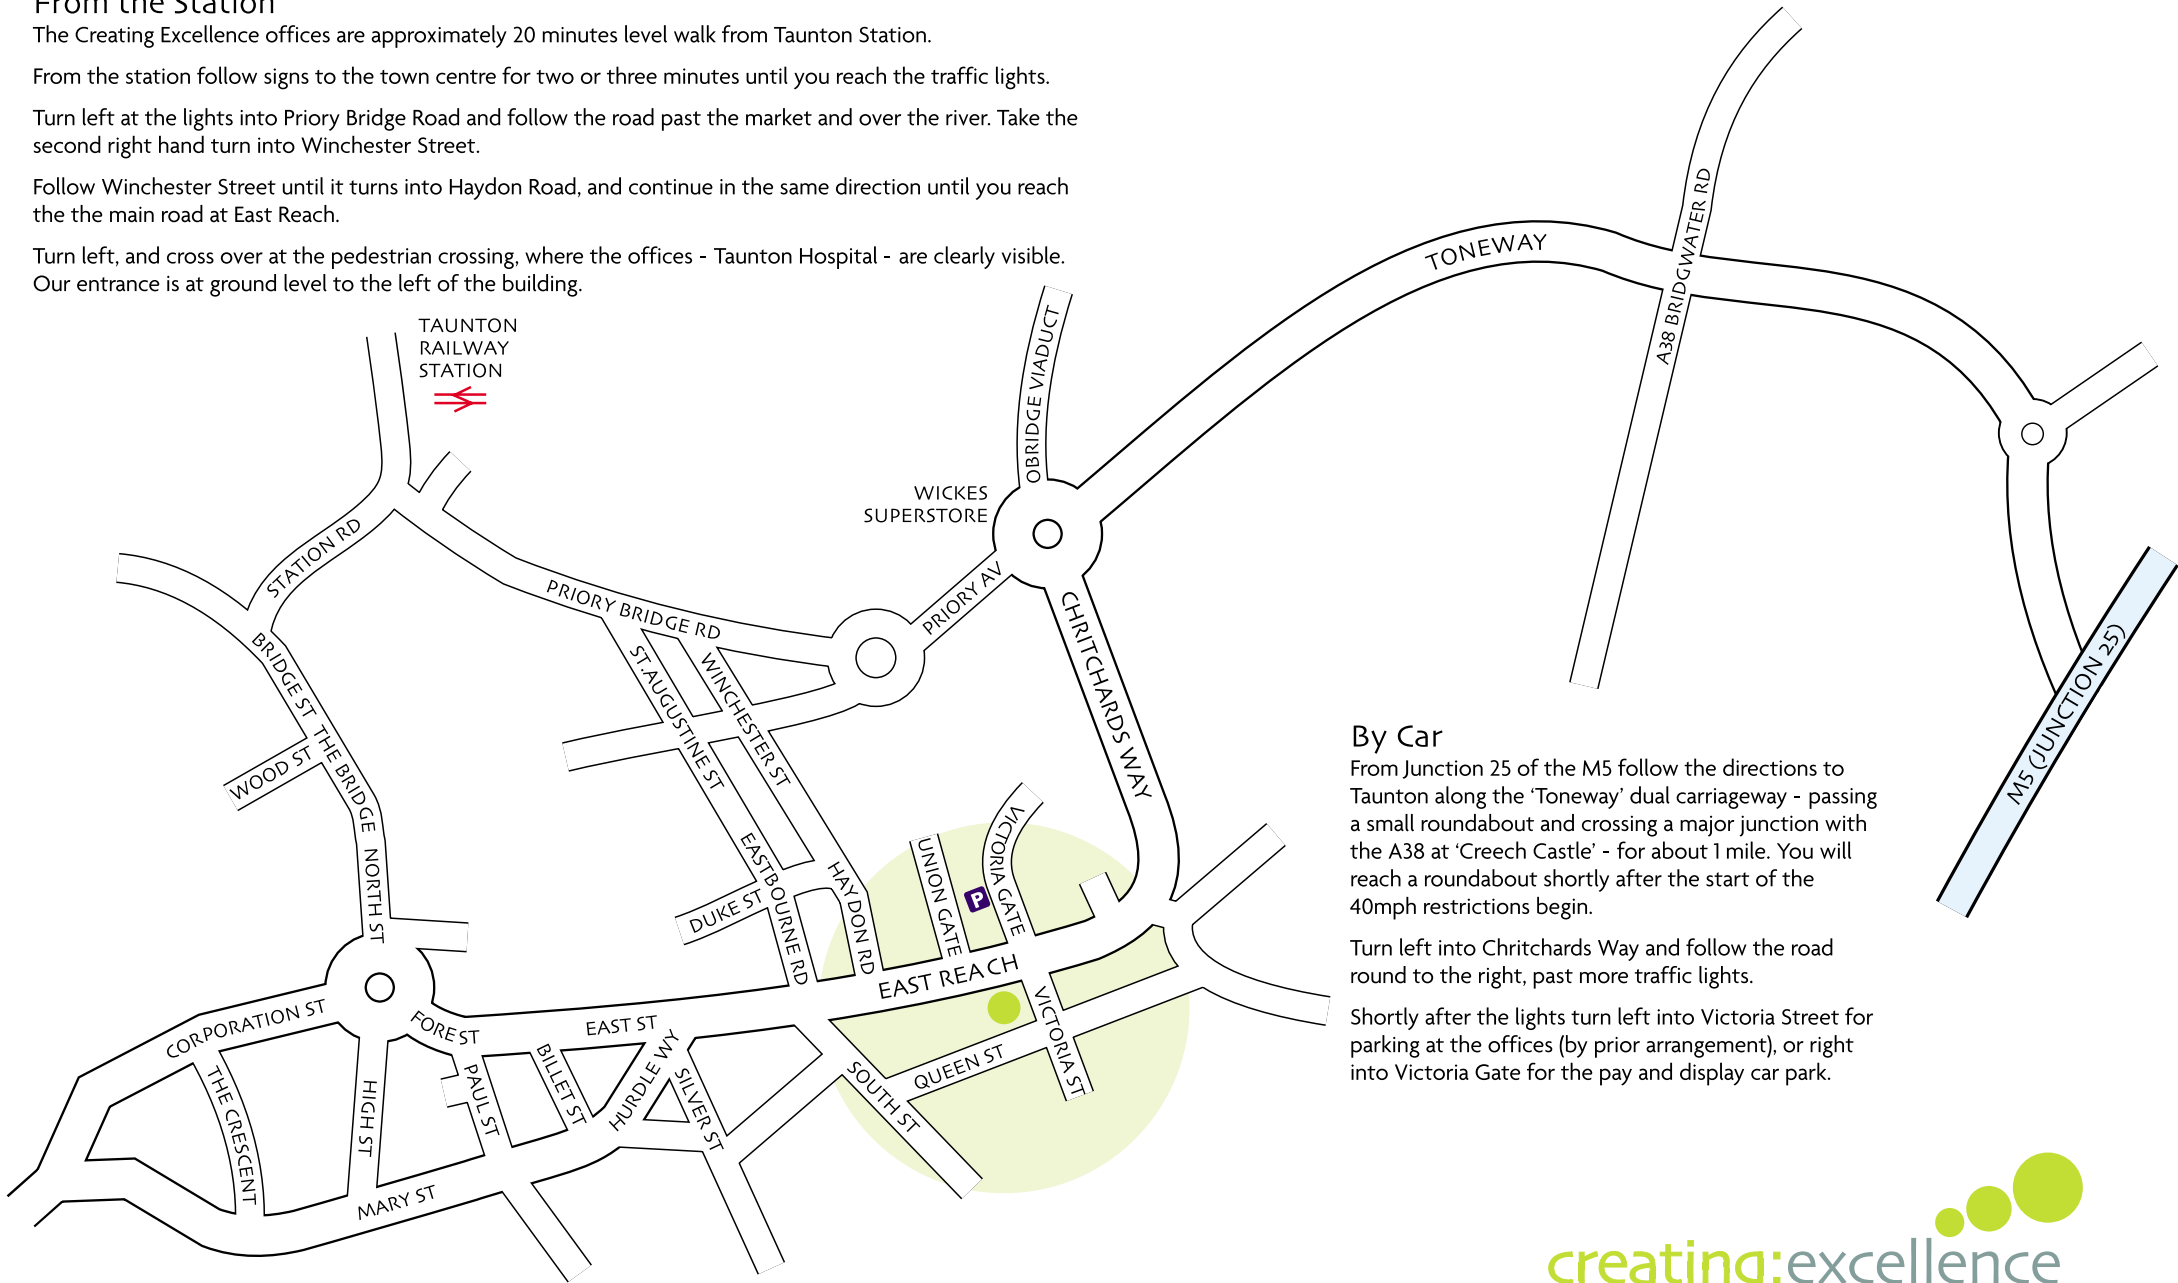

The Creating Excellence offices are approximately 20 minutes level walk from Taunton Station.

From the station follow signs to the town centre for two or three minutes until you reach the traffic lights.

Turn left at the lights into Priory Bridge Road and follow the road past the market and over the river. Take the second right hand turn into Winchester Street.

Follow Winchester Street until it turns into Haydon Road, and continue in the same direction until you reach the the main road at East Reach.

Turn left, and cross over at the pedestrian crossing, where the offices - Taunton Hospital - are clearly visible. Our entrance is at ground level to the left of the building.

By Car

From Junction 25 of the M5 follow the directions to Taunton along the 'Toneyway' dual carriageway - passing a small roundabout and crossing a major junction with the A38 at 'Creech Castle' - for about 1 mile. You will reach a roundabout shortly after the start of the 40mph restrictions begin.

Turn left into Chritchards Way and follow the road round to the right, past more traffic lights.

Shortly after the lights turn left into Victoria Street for parking at the offices (by prior arrangement), or right into Victoria Gate for the pay and display car park.
